Information Bulletin 1 Round 2 ROK Cup Thailand 2026

Article 15 of the ROK Cup Thailand 2026 Rulebook will be amended as followed:

15. STARTING GRID

Refer to article 2.19 of the FIA-KARTING General Prescriptions, with the additions below:

The pole position Driver of each grid will have the choice of the starting side (left or right side of the grid), giving advice to the Clerk of the Course as soon as he reaches the Pre-Grid. This choice will only modify the first row. All other odd starting positions will form up on the right side of the grid if the race is run clockwise and on the left side of the grid if the race is run counter-clockwise.

The launching of the Formation Lap will be preceded by the showing of boards announcing:

5 minutes,
3 minutes,
1 minute,

Access to the grid will end 5 (five) minutes before the time scheduled for the start of the session. Any kart which has not taken its position on the grid at that moment shall no longer be allowed to do so, except under exceptional circumstances left to the discretion of the Stewards. Once the Karts are on the floor all further work and/or adjustment (with exception of tyre pressures) to the kart are strictly forbidden, any infringements will be referred to the stewards with a penalty of disqualification from that session. Once on the pre-grid, karts are prohibited to return to the Servicing Park, except under exceptional circumstances left to the discretion of the Clerk of the Course.

During the Heat and Pre Final

The Mechanics need to be clear of the Pre-Grid before the time scheduled for the start of the session. If a driver is unable to start from the Pre-Grid after the display of the green flag and if the driver requests the intervention of a Mechanic, the driver will be authorized to leave the Pre-Grid only on the orders of a Marshal and the driver will take the start from the back of the formation, irrespective of the number of formation laps.

During the Final

Should a Driver require assistance after the "1 minute" signal, the driver must indicate this to the Marshals and, once the other karts have left the grid, the kart will be pushed to the "Repair Area", where the Mechanic may work on the kart. In this case, Marshals with yellow flags will stand beside the kart (or karts) concerned to warn the drivers on the Formation Lap. Marshals will be instructed to push any kart remaining on the grid after the start of the Formation Lap to the "Repair Area" immediately. Any karts that cannot join the session before the leader reaches the red control line will not be allowed to join that session.
